

THE DAILY STAR

WEDNESDAY, DECEMBER 3

LARGEST CIRCULATION IN THE CITY.

For the next 24 hours: Indications of light rain or snow, followed by clearing and cooler weather.

LOCAL BREVITIES.

The first locomotive on the Cincinnati Southern railroad was placed yesterday.

JACOB WITSEN, of 41 Allantush street, was dangerously bitten in the cheek by a horse yesterday.

The resignation of John Schiff, as a member of the Board of Park Commissioners, has been accepted.

EGNER was on the witness stand this morning. It is astonishing to see how little he knows about that murder.

THE 11:30 P. M. train on the Little Miami road will be held for the accommodation of parties attending the Kellogg Opera.

WM. RAYMOND, the man who out "Dutch" Eckert, has been arrested and will have a hearing on Friday on the charge of malicious outing.

JOHN GOODALL, arrested for entering the house of Jacob Scherer, 90 Richmond street, last night, and taking \$98 worth of articles, an overcoat, &c., will have his case heard on next Friday, and is held in \$750 bonds.

EARLY in January, L. C. Weir, of the Adams, John J. Henderson, of the States, and Frank Clark, of the American Express Company, will issue the first number of "Our Expressman," a monthly to be devoted to the interests of the people engaged in the express business.

ELIZABETH STEFERT, wife of Joseph Steiert (born Elizabeth Broosman), died yesterday, aged sixty-two. This lady came to this city from Germany in 1834. In 1837 Mr. Steiert married her, and this has been their home ever since. She was the mother of ten children, seven of whom are living now.

THE two men, Wm. Ross and Fred Waggoner, arrested by Officer Ross, last night, and charged with stealing a pair of four-dollar boots from a Fifth-street store, were arraigned in the Police Court. The former goes up for 30 days and pays \$50 fine. They are both fined \$25 and costs for making a stout resistance to the arresting officer.

THE raw, blustering winds of winter, prevail out the weakness of all who are predisposed to Lung Complaints, and in consequence, Colds, Coughs, and Bronchial Disorders everywhere prevail. Those who have contracted Colds should be especially careful, and not imprudently wait until by constant coughing, they so irritate and rack their lungs as to bring on themselves a very serious Pulmonary Affection. Let them rather treat their symptoms rationally, and at once, and by the prompt use of Dr. Jayne's Expectorant, cure their Colds, and heal all accompanying Soreness of the Chest.

Fire.

The alarm from Box 130, at six o'clock last evening, was caused by fire in a frame stable on Western avenue, near Liberty, occupied jointly by Edward Vidor and Fred Armann. There were four horses in the stable at the time, and two of them were burned to death. They belonged to Armann. The loss will amount to about \$800; no insurance.

Hymns at the Gibson.

One of the private parlors of the Gibson House was filled last night by the friends of a party about to launch on the sea of married life. The happy couple were Miss Ida Geffroy, second daughter of Colonel Geffroy, of the Gibson House, and Mr. Theron Geddes, son of Rev. Clarence Geddes, of Philadelphia. The affair was quiet and home-like, and none but the favored friends of the couple were present. Rev. Mr. Witherspoon, of St. Paul's Episcopal Church, officiated. The bride was dressed in a rich toilet of corn silk. The presents were very costly and almost innumerable.

Longview Asylum.

The Directors met yesterday in regular monthly session. Dr. W. H. Bunker, Superintendent, presented his report, showing the following:

Admitted during the month—Hamilton county, 12; Commissioners, 3; total, 15. Discharged—Cured, 3; improved, 3; unimproved, 1; died, 1; total, 8. Remaining—Whites—38; males, 29; females—266. Colored—43 males, 29 females—34. Total white and colored, 590.

Death—Joseph White Marsh, November 23, of general paralysis. Mr. Edwin Anderson, architect, submitted drawings for the proposed additions to the Asylum, and estimated the cost at \$110,000, for a building similar in character and fireproof elements to the present structure, but requiring an additional expenditure of from 25 to 30 per cent. to render the building thoroughly fireproof. It was decided to call a meeting of the full Board to consider the matter.

Theatrical Notes.

The Kellogg Opera Troupe brought with them to our city sixty persons in all.

Mr. Frank Roche has been reinstated in his old position of leading man of the "Grand."

The Kiralfy Troupe, who are to produce one of the greatest sensations of the day at the Grand next week, bring with them thirty-seven people.

Miss Ella Mayer appears in the same part ("Noll Bruce") in "Nick of the Woods," with Proctor next week, in which she made her debut, eight years ago, and at the same theater, Wood's.

The sale of seats for the Opera this week has been remarkable. Only thirteen seats are now vacant in the "down stairs" part of the Grand for Friday night.

Mr. John H. Russell, Coroner Meyer's old base-ball antagonist, has accepted the position of Agent and General Business Manager of the McKee Rankin Two Orphans Combination, and is now registered at the St. James Hotel, St. Louis. We hope he will take good care of the "orphans."

The troupe of the Grand Opera-house start on a starring tour this evening, opening in Hamilton to-morrow night in "School for Scandal." From there to Dayton, Columbus, Springfield and other points ensuing. They will be absent nearly four weeks. "Home and Juliet" and the "School for Scandal" will be, with the exception of one or two farces, the only pieces in their repertoire. The seats for the "School for Scandal" to-morrow night at Hamilton are all sold, which is certainly a very encouraging beginning. Miss Maggie Ketchum, who appears at the Grand next after next, brings her own troupe.

Masonic. At the annual communication of Miami Lodge, No. 46, F. and A. M., held last evening, the following officers were elected for the ensuing year: Wm. H. K. Boake, M. M.; C. J. Bauer, S. W.; George Doorn, J. W.; Louis Mahoney, Treasurer; Robert P. Bigler, Secretary; Fletcher L. Day, S. D.; Louis Hart, J. D.; E. L. Menner and John E. Foster, Stewards; F. H. Oehlman, Tiler; James Finn, Charity Committee.

At the annual communication of Vattel Lodge, No. 358, F. and A. M., held on Monday evening, the following officers were elected for the ensuing year: W. M., John Walker; S. W., Geo. Heather; J. W., Robert Walton; Treasurer, E. G. Meguire; Secretary, Charles L. Whitsee; S. D., Fred. Wellman; J. D., Mark W. Atkins; Stewards, Neal M. Dennis and Samuel Wallace; Tiler, John B. Hale.

Council Board.

This Board met in adjourned session yesterday.

The ordinance "requiring excavations in or adjoining the Public Ways to be protected by fence and light," was laid over and ordered to be printed.

The ordinance "to settle the litigation with the Cincinnati Consolidated Street Railroad Company, and to provide for the extension of certain lines thereof," and "establishing a method of collecting the street railroad car license, and providing for the enforcement of the same," were referred to the Committee on Law and Contracts in connection with the City Solicitor.

The Aldermanic Hack Ordinance was also tabled, on motion of Mr. Connolly. It appears that a general hack ordinance was in course of preparation. An ordinance to adjust and settle arrears of rent due from the Cincinnati & Indianapolis Railroad Company, for the Pearl-street Market-space, and to reduce and secure the collection of the rent of said space, was passed.

THE SINTON ESPLANADE.

A communication was received from the City Solicitor, stating that he had examined the ordinance granting David Sinton the right to construct a stone esplanade forty-eight feet wide, in Fifth-street Market-space, between Main and Walnut streets, and to erect thereon a monument of ornamental design, under the direction of the City Civil Engineer, and had been unable to discover any legal objection to it, as coming within the control of the streets, and full authority to regulate the width of the sidewalks.

The ordinance, as printed two or three weeks since, was thereupon engrossed by a unanimous vote, but went over to the next meeting, there not being enough members present to suspend the rules.

Mr. Fitzgerald presented a resolution of the Committee on Retrenchment (published several days ago), which, after considerable discussion, was received and the Committee discharged. Mr. Fitzgerald offered a resolution instructing the City Auditor to advertise in at least two daily papers in the city, for two weeks, for proposals to construct by contract, the contract to be for ten years, the contractors to purchase the city stables and all the street-cleaning Department paraphernalia, at an appraisement to be made by the Board of Revision, and obligate themselves to faithfully comply with and carry out the requirements of the contract between the city and the Fertilizer Company.

Coming to a vote, the resolution was carried by the following: Yeas—Messrs. Abbihi, Burnham, Bruckman, Carr, Carrigan, Connolly, Dull, Drake, Eggleston, Gray, Grossius, Grothe, Hogan, J. Jacob, L. Jacob, Kiehnorth, Knorr, Lotter, Schmitz, Schwier, Wolf, and President Fitzgerald—22. Nays—Messrs. Bauer, Birabryer, Eneking, Galbraith, Gurron, Herzog, Hodgson, O'Brien, Porter, J. C. Riley, Robinson, Roesehae, Werneke, Wetterer—13. Mr. Fitzgerald also reported several ordinances providing for carrying out the recommendations of the Retrenchment Committee as to the police and other city officials, reduction of city gas, &c., which were read by their titles and laid over, without any effort to get them up for discussion. The Board then adjourned.

Amusements.

GRAND OPERA-HOUSE.—Miss Palmer the debutante of Monday night, had rather a better audience last evening than upon the occasion of her first appearance. The lady was more at ease upon the stage and rather surprised her auditors in one or two instances. All things being considered, she may feel justly proud of her success. To-night the Kellogg Opera Troupe open at this house, in "The Talisman," by Balfe, founded upon Scott's novel of the same name. This will be a treat to our lovers of music, who, judging by the number of seats sold, intend to avail themselves of this the only opportunity offered this season of hearing anything really first class in the way of music.

Next week the great sensation, "Around the World in Eighty Days," will be produced at this house, followed by the new play, "The Grand," written after by Maggie Mitchell. WOOD'S THEATER.—Frank Frayne drew a large audience last evening, the gallery especially groaning with its load. "Si Slocum" has been considerably pruned and improved since last presented in this city, and, as now appears, affords Mr. Frayne his wife and son fine opportunities of displaying their wonderful skill in the use of the rifle. "Pony" and old "Jack" have neither been neglected by the dramatist, and last night acquitted themselves of the parts assigned them like old and conscientious actors. The support of the stock company was excellent. Mr. Soggy, Mr. Barton, Mr. Graham and funny John Marble, not to speak of that prince of burnt cork comedians, Johnnie Craven, discharged their duties as faithfully as if Booth had been the star and the play a legitimate drama of the first order. Miss Ella Mayer, as "Patsy Collins," was as usual excellent. Proctor at this house next week.

THE NATIONAL.—This house was comfortably filled last evening. The programme was one of unusual excellence, the varieties themselves being worth more than the price of admission. The entertainment opened with a negro act entitled "Ole Bull," by Baker, Doyle, Kirk and Bates, in which the violin "business" was the principal feature and took immensely. Foster's stump speech, or "Views on Retrenchment," came next upon the programme. It was witty in the extreme, especially the allusion to the newspapers of our city. Miles and Evans, in the "Rival Love Letters," which is only another name for an eccentric song and dance, were very successful. The number, though Chas. T. Ellis was only a little in their work as a favorite. He is to Joe Emmett what McWade is to Jefferson. His voice is better even than Emmett's, and his dancing is equally as good; but he lacks the force, the sprightly humor that makes the former so popular. His fun seems forced. Though in time he will, no doubt, be a great comedian, at present he is something more than a good one. The performance concluded with Du-

mon's three-act sensational drama entitled "Held at Bay," in which Miss Alice Placide assumed the leading role. The play was splendidly mounted, and the costumes throughout were equal, both in quality and fitness, to those in any of our standard theaters. Mr. Lowry's make-up was remarkably good. The drama is a good one of its kind, and affords Miss Placide, Foster and Douglas fine opportunities of displaying their respective talents. Same bill to-night.

Children's Lives Saved for 50 Cents.—Every case of Chimp can be cured when first taken by DR. TOBIAS'S VENETIAN LINIMENT. Warranted for 25 years, and never a bottle returned. It also cures Diarrhea, Dysentery, Colic, Sore Throat, Cuts, Burns, and external pains. Sold by the Drug-Gists, Depot, 10 Park place, New York.

[From the Lafayette Daily Courier.] A VALUABLE WORK.

Dr. R. Y. Pierce, of Buffalo, distinguished in surgery, and the general use of taking his system and digging for the precious metals, but when you can find an investment of \$100 will produce \$1,000 to \$1,500 without manual labor, why not go for it; there is not a week in Wall street but that large profits are not made in stock privileges; no risk beyond the amount paid for your privilege, which is one dollar per share, par value, \$100. Send for our circular, which they will mail free, it will explain how the man with limited means can operate and realize handsome, if not large profits.

BIG BONANZA—A Mine of Gold; but it is not everyone who has the opportunity of taking his system and digging for the precious metals, but when you can find an investment of \$100 will produce \$1,000 to \$1,500 without manual labor, why not go for it; there is not a week in Wall street but that large profits are not made in stock privileges; no risk beyond the amount paid for your privilege, which is one dollar per share, par value, \$100. Send for our circular, which they will mail free, it will explain how the man with limited means can operate and realize handsome, if not large profits.

DRAWING TABLETS. FOR BRIGER'S DRAWING TABLETS, PREPARED BY ARTHUR FORBRIGER, Supt of Drawing in the Public Schools of Cincinnati, O.

Nos. 1, 2, 3 and 4 Nos. 5, 6 and 7 Have been prepared to meet the requirements of Primary or District Schools. Are intended for use in Grammar or Intermediate Schools.

PRICE: No. 1 Tablet.....15 cents. No. 2 Tablet.....20 cents. No. 3 Tablet.....25 cents. No. 4 Tablet.....30 cents. No. 5 Tablet.....35 cents. No. 6 Tablet.....40 cents. No. 7 Tablet.....45 cents. Manuals, No. 1, 10c; 2, 3 and 4, 75c each.

The design, arrangement and construction of these Tablets, is directly at variance with that of any other plan ever presented, and below will be found some of the reasons which led to their publication, and practical hints in reference to their use:

1. THE CHARM OF NOVELTY maintained. The different sheets of the Tablet, being fastened together, the pupil is enabled to see the lesson in advance, and he does not become tired of seeing the designs which are constantly presented to the eye, often far in advance of the lesson upon which he is immediately engaged. Thus the charm of novelty is maintained, and with it increased interest in the study.

2. ABUNDANCE OF MATERIAL. Each Tablet contains sufficient material for a year's work, and a greater number of exercises and more paper than can be found in any of the Drawing Books now published.

3. THE SOLID SURFACE, which is retained to the very last sheet, removes the elasticity of spring, which is so objectionable; it being the immediate cause of bad lines in the Drawing Books now generally in use. Irregularities in the surface of the desks do not affect its use in the least. The compactness and solidity prevent the leaves from being ruffled and soiled, while their size does not cause the same inconvenience to the pupils, especially when seated in double desks, which is experienced when using drawing books.

4. CONVENIENCE IN EXAMINING. The sheets being separated from the Tablets, after the completed exercises, should be preserved, and each lesson of the class kept together, either on the shelf or in the envelopes prepared for that purpose, correspondingly numbered on the outside. It will be found much less tedious to examine from forty to fifty sheets of one lesson, than to handle from forty to fifty books, and search for that particular lesson in each.

5. CAREFUL GRADATION OF EXERCISES. It will be found, upon examination, that the exercises contained in the Tablets are far more carefully graded than those contained in other Drawing Books prepared for use in public schools. The steps are rendered comparatively easy, making each advanced lesson a logical sequence of the preceding one.

6. THE ACCOMPANYING COMPREHENSIVE TEACHER'S MANUAL, OR KEY to each number of the Tablets, enables any teacher capable of teaching other branches, to teach this branch successfully, and therefore make special instructors superfluous.

TESTIMONIALS. CINCINNATI, May 29th, 1875. "FORBRIGER'S DRAWING TABLETS" were introduced into one of our primary grades at the beginning of the present School year. They have proved so successful that Principals and Teachers unanimously favor their introduction into the remaining grades of our schools. I believe that the Tablet system is destined to supersede the Book system in the schools of our country. JOHN B. PEASLEE, Superintendent of Public Schools.

CHILLOOPEE, O., May 13th, 1875. ARTHUR FORBRIGER, Esq.: Dear Sir—I have had the pleasure of examining your system of Drawing, and can commend it as systematic, well suited to graded schools, and especially that it commends itself as a self-teaching system of Manuals. We shall most probably introduce the system into our schools the coming year. Yours very truly, G. A. CARUTHERS, Sup't.

CINCINNATI, April 27th, 1875. PROF. FORBRIGER: Dear Sir—I have observed, with care, your system of Drawing Blocks, since their introduction into this school, and I am convinced that the plan is an excellent one. The lessons are so graded as to lead, by easy steps, to the acquisition of that skill in the formation of lines, and the construction of figures, so essential to correct drawing. The form of the Tablet, each lesson being ab-

olutely new, while it stimulates the curiosity of the pupil, yet prevents that familiarity with the drawings which breeds indifference. I sincerely hope their success may be commensurate with their merits. Yours, PETER H. CLARK, of Gates High and Intern. Schools.

RIVERSIDE, Ohio, April 16th, 1875. MR. ARTHUR FORBRIGER: Dear Sir—Your Drawing Tablet, No. 1, is the best thing of the kind I have ever seen or used. I intend to introduce the succeeding numbers, as I need them. This is a most successful success, as it is the only one that can be used by any teacher, regardless of his lack of ability in drawing. Another important advantage is, that the grades are always eager to know what their next lesson will be, as they can not find out until the present one is finished. The Teacher's Manual, with each number, is very suggestive, and supplies a great need in that direction. In line, your Drawing Tablets bear evidence of your being a practical and enthusiastic educator in Art. While too many systems are set up merely to sell, and are successful only because they are as good as any other extant. That is now ended, for your Drawing Tablets are very much superior to all others. With best wishes, yours truly, FRANCIS R. WILSON, Riverside School.

Published by STROBRIDGE & CO., GENERAL LITHOGRAPHERS, CINCINNATI, OHIO.

AMUSEMENTS. WOOD'S THEATER, B. MAGAULRY, Manager.
